WHO? Women's Design Service is a charity which has been working on issues around women and the built environment for over 20 years. We are being funded by London Councils to set up Women's Design Groups to get women more involved in shaping their local areas.

WHERE? We are setting up groups in 12 London boroughs, **Southwark** being one of them. We already have groups established in Barnet, Redbridge and Croydon.

WHY? We find that women's requirements in terms of safety, accessibility, provision of facilities, location of amenities and design of housing, transport, public buildings and open spaces are not being adequately addressed.

HOW? If you would like to get involved or just want some more information, contact Project Worker Georgia Wrighton by email at gwrighton@wds.org.uk or telephone 020 7490 5210. You can also look at our website for details of forthcoming meetings and events, and our other projects at www.wds.org.uk
